PADI Advanced Open Water Diver

Looking for more adventure, more experience and knowledge? You have found it. The PADI Advanced Open Water Diver course fine tunes your dive skills and allows you to explore some of the world's premier diving sites.

The Advanced Open Water Diver program offers you a structured program where you gain additional experience and skills under the direct guidance of your PADI Instructor.

There are two compulsory dives, the deep dive and the underwater navigation dive. You can then choose three from any of the following to complete your certification:

AWARE Fish Identification Dive
Boat Dive
Drift Dive
Dry Suit Dive
Enriched Air Nitrox Dive (additional charge for gas mix)
Multilevel and Computer Dive
Night Dive
Peak Performance Buoyancy Dive
Search & Recovery Dive
Underwater Naturalist Dive
Underwater Digital Photography Dive (additional charge for camera hire)
Wreck Dive

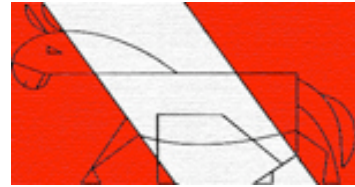

Successful completion of the PADI Advanced Open Water Diver course allows you to participate in more advanced diving activities to a maximum recommended depth limit of 30 metres. (Under 15 years old maximum depth 21 metres)

The course price includes tuition, manual and certification fee. Equipment hire is available if required.

Course Prerequisites

- Minimum age: 12 years.
- PADI Open Water Diver or equivalent.
